Seen & Heard Around MURRAY

Golden Rod in bloom.

Spider Lilies in bloom. They are the white ones reminiscent of a spider.

I hate to talk or be abrupt. But must you talk when I interrupt?

D. J. Miller of Covey Drive wrote a letter to the Atomic Energy Commission, Washington, D. C. and got back a nice letter. He was urging the location of the atomic accelerator here in Murray.

"Among the numerous sites presently under consideration are the four located in the Murray, Kentucky area. You may be assured that these proposals are receiving our full and careful consideration," the letter said. It was signed by Paul W. McDaniels, Director, Division of Research.

Good going, Mr. Miller.

Trooper Dana Stroud brought out a good point at the Rotary Club meeting on Thursday. He said that if a seven year old child was killed in an automobile accident, an estimated 63 years of life expectancy is lost, because the average age expected today is about 70.

Following this same line of thinking he said that in 1964, 29,000 years of life expectancy were lost. In other words those many years of life were denied victims of traffic accidents in 1964.

Art Buchwald, columnist, reports he has a plan to solve the gold standard. "We should go on the gold standard," he says, "and make used cars into bars." He says we have a lot more used cars than we do gold and we don't know how to get rid of them anyway. "We have more used cars than any other country. So we'll have this advantage over any other country if we went on the used car standard."

Switzerland has four languages in use. German, French, Italian, and another called Romansh.

The official language of Paraguay is Spanish, but all the people there can speak Guarani, an Indian tongue.

We do pretty well just to speak English, or rather American.

Winger place on West Main is getting a face lifting. The overhang has been removed and a more modern front is being put in.

Herman Kelly Ellis has been entertaining some pop corn brokers who handle Gee Gee popcorn.

The first story of Hart Hall has been erected. There are six more to go.

Peoples Bank To Increase Area

Ray B. Brownfield, Vice President of the Peoples Bank announced today that the bank will let a contract next week for the expansion of its main office building at 8th and Main Streets. The building north of the main office will be incorporated into the present bank building by the removal of the wall between the two structures. The large steel beam on the sidewalk by the bank building will be used to bridge the area. This will increase the size of the bank by one-third.

R. W. Key is the architect handling the building program and will receive bids for the contract next Wednesday. The bank's lobby will be increased one-third and the rest of the area will be used for loan officer's space, bookkeeping and several new services the bank is adding. Brownfield said he would have an announcement in the near future concerning the new services the bank will offer its customers.

It is anticipated this work will be completed in ninety days, as the bank's management is anxious to offer its more spacious and attractive quarters to its customers. Brownfield said that the bank's management and employees are very grateful that its customers are making this expansion necessary and possible.

She spent three days at sales conferences, learning new merchandise presentations and sales techniques from top company executives, including Mrs. Catherine L. O'Brien, Chairman of the Board.

Dr. Sparks To Be Speaker For Council

Dr. Harry Sparks, Superintendent of Public Instruction, will be the speaker when the Kentucky Better Roads Council holds its seventh regional meeting at 6:30 p. m. Thursday, August 5, at Murray State College.

The meeting is to be held in support of the \$176 million bond issue to be on the November ballot.

Previously regional sessions have been held at Prestonsburg, Covington, Lexington, Owensboro, Hazard and Bowling Green. An eighth regional meeting is being arranged for the Mayville area.

The bond issue contains \$129 million for highway construction and will be matched by the federal government with \$97 million. Failure to approve the bond issue, the Council reported in announcing the Murray meeting, means that Kentucky will continue to pay federal taxes but federal funds will go to other states.

In addition to funds for highway construction, the bond issue also contains earmarked money for Murray State College and other projects in western Kentucky.

Red Cross Swim Courses Are Success

A successful season has been carried out in Red Cross swimming instruction according to Ronald McGehee, Chairman of the Water Safety Committee.

Well over 100 persons were enrolled in Red Cross swimming classes this season, he said. Classes were conducted at the Murray State College swimming pool and the last class was completed by Ed Fenton with an intermediate adult swimming class.

A large number of persons have contributed time and effort to carry on these classes, McGehee said. Rex Alexander has taught Senior Life Saving and Water Safety instructor courses. Peggy Stroud has taught children Beginner courses. Steve Titeworth has taught children Intermediate courses. Ronald McGehee has taught Life Saving courses.

Others who assisted as Water Safety Aides were Mildred Colley. (Continued on Page 3)

Plane Crashes At Airport At Lake Two Seriously Injured

Two young Tennessee men were injured late Friday when their supersonic light plane crashed shortly after takeoff at Keesler Airport.

Kentucky State Police said Glenn Johnson, 33, and Donald Carpenter, 37, pilot of the Piper Cub, both of Dixon, Tenn., were injured seriously in the crash. The two received emergency treatment at Trigg County Memorial Hospital, Cadiz, then were rushed by ambulance to Vanderbilt University Hospital, Nashville, Tenn.

Witnesses said the plane had reached an altitude of about 100 feet, banked to the right, and then its engine quit. It nosed to the ground near U.S. 68 and was demolished.

A witness to the crash, Phyllis Black, Tekamah, Neb., said the four-passenger Piper PA-22, piloted by Carpenter, took off from the airport, climbed about 100 feet, then "cooked out" and nosed-down toward the runway.

She said the plane flipped over and came to rest upright, demolished.

Authorities said it took about 20 minutes to remove the men from the wreckage. They were first taken to a hospital at Cadiz, Ky., but were later transferred to Nashville.

Brunner, 1314 Olive are among the contingent of thirty-two River Council Boy Scouts and Explorers enroute to the famed Philmont Scout Ranch located in northeast New Mexico on the slopes of the Sangre de Cristo range of the Rocky Mountains five miles from Cimarron, New Mexico.

Four adult leaders are accompanying the contingent which is divided into three patrols. The group left Paducah by chartered bus on the morning of July 26 and arrived at Philmont Ranch yesterday.

The Philmont Scout Ranch, celebrating its 27th anniversary this year, is the national camping area which was made available to the Boy Scouts of America by Walter Phillips of the Phillips 66 Oil Company. It comprises 137,000 acres of wild open prairies, rivers and mountains.

The boys and their leaders will spend approximately 12 days hiking, camping, mountain climbing and paning for gold on a working mine located on the ranch. They plan to climb the difficult 12,000-foot elevation known as the "Tooth of Time." Experience will also be gained in conservation, biology, archery, skeet shooting, and fishing for trout in the Rayado River, one of the finest fresh water fishing streams in the nation. Most of the 46-mile trail will be covered on foot; however, horses and mules will be used on the most rugged terrain.

Enroute to Philmont, the contingent had overnight stops at Kansas City, Kansas, Wakeney, Kansas, the Air Force Academy at Colorado Springs, Colorado, and Fort Carson Army Base in Colorado. The group will also make a trip up Pike Peak.

Bernard C. Harvey

Two Charged With Entering Lake Cabin

Two men from Calloway County are being held in the Marshall County Jail on a charge of breaking and entering a cabin on Kentucky Lake on July 12. J. W. Harris and Charles Redden are both being held in lieu of \$1,000 bond each in the Benton Jail.

The cabin, known as the Betterworth cabin, is owned by a Memphis man and H. T. Danner is in charge of it. Danner noted that several items were missing from the cabin when he was found in antique shops in the area and the officers worked on these clues to find the culprits.

J. W. Harris has signed a confession according to the Sheriff's office and H. T. Danner is a member of the American College of Hospital Administrators, the American Hospital Association, the American Association of Hospital Accountants, the American Radiological Technologists Society, the Kentucky Hospital Association, the National League of Nursing, and is a charter member of the American Academy of Hospital Administrators, Royal Society of Health and other allied hospital organizations.

Judge Miller said this morning that Harvey has accepted the position of Administrator and Executive Director of the Boone County Hospital and Ochs Manor Nursing Home, a two hundred bed facility in Harrison, Arkansas. Harrison is about 350 miles from Murray.

Mrs. Elaine Harvey, R. N., has also been active, both in work in the Murray Hospital as well as in other phases of community life.

Mrs. Harvey has been a member of the Music Department of the Murray Woman's Club, has appeared on District Nursing Programs, the Parent-Teacher Association, and is by this time Director of Nursing Education of the hospital.

She has taught several Nurses Aide courses at the hospital. A registered nurse for several years, Mrs. Harvey returned to school here at Murray State and received her B. S. degree graduating with distinction.

The Harveys have two children, William, who has served as one of the managers of the Murray High Times, and Lisa, talented in music and dancing.

Their oldest son Bernard C. Harvey, Jr. was killed in a tragic accident several months ago here in Murray.

Mr. Harvey's letter of resignation to the Hospital Commission is as follows:

Judge Robert O. Miller, Chairman Murray-Calloway County Hospital Commission, Murray, Ky.

Dear Judge Miller: Please accept this letter as my resignation as Administrator of the Murray-Calloway County Hospital and Convalescent Division, effective August 15, 1965.

To the members of the Commission I extend my heart felt appreciation for their guidance and consideration in all of the aspects of administration and growth that has caused Murray to be a Medical Center in Western Kentucky.

Administrator Here For Over Eight Years; Meeting Called

County Judge Robert O. Miller, Chairman of the Murray-Calloway County Hospital Commission announced today that he had received a letter of resignation from Bernard C. Harvey as Administrator of the Murray-Calloway County Hospital.

Judge Miller said that he has called a special meeting of the Hospital Commission for Tuesday night August 3 to take action on the letter.

Harvey has served as Administrator of the local hospital for the past eight and one-half years and has been in charge during the great expansion of the facilities which includes the construction of the new \$1,700,000 hospital which is now in operation.

Judge Miller said that, on behalf of the board, he commended "the Harvey family for their active participation in the civic and community affairs of Murray and Calloway County." He pointed out that Harvey has served as chairman of the local Red Cross chapter, the local Mental Health Center, the Murray High PTA, the Murray High Band Sponsors, Church Building Fund Committee for St. Leo's Catholic Church and has been a member of the Murray Rotary Club during his residence here in Murray.

Mr. Harvey was also named as a Kentucky Colonel by Governor Edward T. Breathitt.

During his time as Administrator of the hospital, Mr. Harvey served as vice-chairman of the Disaster Committee for St. Leo's Catholic Church. He is a member of the American College of Hospital Administrators, the American Hospital Association, the American Association of Hospital Accountants, the American Radiological Technologists Society, the Kentucky Hospital Association, the National League of Nursing, and is a charter member of the American Academy of Hospital Administrators, Royal Society of Health and other allied hospital organizations.

To the members of the Commission I extend my heart felt appreciation for their guidance and consideration in all of the aspects of administration and growth that has caused Murray to be a Medical Center in Western Kentucky.

The resignation of a new hospital and the establishment of the Convalescent Division is a monument to the team effort of many, and the foresight of the Hospital Commission, earlier Directors and Medical Societies of Calloway County.

In leaving Murray to join a similar program in Arkansas, currently building to two-hundred bed size, we leave fond memories and more than that, part of our lives. Your sympathy and that of the community in our recent loss will forever remain in our hearts.

Out visits to Murray will be proud ones, recognizing that we have shared in, in a small humble way, the successes of your hospital.

Very truly yours,
Bernard C. Harvey

Oscar McClain Is Injured By Mower Blade

Oscar McClain, Hazel route one, was seriously injured yesterday when he apparently fell from a tractor into the path of a moving tractor. The accident occurred about half-mile south of Taylor's Store.

He suffered severe injuries to one arm and to his eye. The mower blade severed the arm at the wrist and he apparently injured the eye when he fell into the stubble.

McClain, 57, fell into the path of the mower as he was cutting weeds around a barn yesterday afternoon. Ed C. Morton, who operates a store in the area said this morning that Mr. McClain came to his store and asked for aid. He said that McClain had driven his truck approximately one-half mile to the store to obtain aid after the accident occurred.

Leon Phillips, who was in the store at the time brought Mr. McClain in to Murray to the hospital where he underwent surgery. The hand was removed "just above where the wrist watch is normally worn."

Three stitches were taken in the eye.

Mr. Morton said that Mr. McClain was mowing weeds around the barn of a place owned by Mr. McClain where a house had burned. He was using a regular tractor-mower.

Lovell Cooper passed by the site of the accident and saw the tractor still running and turned off the motor.

Mr. Morton said that apparently Mr. McClain struck a post, however he said there was still some doubt as to exactly how the accident occurred.

Bodies Of Two Texas Coeds Found Today

By DAVID ANDERSON

AUSTIN, Tex. (UPI) — Police said today they would work night and day, sparing no manpower, to find and recover two bodies buried in a field of weeds. The bodies apparently had been buried in a field of weeds. The bodies apparently had been buried in a field of weeds.

100-man force poked inch-by-inch in the field where the bodies of Susan Rigby and Shirley Ann Stark, both 21, were found under a layer of dirt and weeds Friday.

The bodies had lain in the field for days under scorching sun.

Preliminary examination of the bodies at the crime laboratory was completed early today. The findings indicated Miss Rigby had been strangled, but no conclusion was reached as to the cause of Miss Stark's death.

POLICY SPELLED OUT

THE PRESIDENT'S press conference, following a full week of conferences, cabinet changes and conversations with free world leaders, has made our policy in South Vietnam and throughout the world crystal clear to friend and foe alike.

Our policy, as expressed by the President, will not be pleasing to all our people, but no doubt it has the overwhelming approval of the majority and each and every unit of government and most individuals will be ready to stand up and be counted if and when the time comes for Congress to declare a state of national emergency exists.

In bombing Russian-made, and possibly manned, surface to air missile bases in the Hanoi environs our Air Force has demonstrated there will be no such sanctuary as the Chinese communists had furnished them in Manchuria during the Korean conflict, but President Johnson held out the olive branch to the Soviet Union in his left hand yesterday when he declined to call out the reserves and national guard units as he was expected by many experts to do. He apparently considered this not only unnecessary, but provocative, at this time.

Under rules practiced prior to the "Police Action" order by President Truman in South Korea in 1950, our participation in the war now raging in Indo-China would have been considered unconstitutional. It is today if the Constitution provisions guided us in our foreign relations. But in the light of congressional action that most of us have considered necessary if we are to function in a creditable manner as a member of United Nations, we are merely carrying out guarantees we made at Geneva in 1954 during the Eisenhower administration.

Most of us do not qualify as legal authorities on the complex problems our nation faces in waging a strange and heretofore unheard of "cold war," but our people have supported both Democratic and Republican administrations in resisting the spread of international communism and in this respect they haven't changed.

As long as the aim of communism is world domination they will find Americans blocking their way, and when they become convinced that we have sufficient power to do just that they may listen to reason and accept freedom for those who want it as a fact of life they must live with, the only alternative being annihilation and everything they, as well as we, hold dear.

Events Will Change Pace For Batter

By GEORGE C. LANGFORD

United Press International
Unusual things sometimes bring a player out of a batting slump, like Tom Haller's split finger.

The strapping "San Francisco Giants" catcher, by his own admission, "tried 30 different batting stances" in May and June attempting to bolster his meager 150 batting average.

Nothing worked until a foul tip split the skin between his thumb and index finger in mid-June. Haller was sidelined for a week and when he returned to action he loosened his right hand grip because of the soreness and compensated for it by grabbing the bat tighter with his left.

Haller still isn't setting the league on fire with his .231 average, but he is improving and he has hit five of his eight home runs returning to the lineup on July 2.

Haller had his best night of the season Friday, driving in five runs with a two-run homer, a double and an infield out as the Giants cooled off the Milwaukee Braves 9-2.

In other National League games, the pace-setting Dodgers tripped St. Louis 4-2. Cincinnati kept pace by whacking Houston 7-1. Pittsburgh defeated Chicago 3-1 and Philadelphia took the New York Mets 5-3.

William Valentine Looks At Fine Print In His Contract

By GEORGE C. LANGFORD

United Press International
William Terry Valentine Jr. is a busy man.

Recently he has been a bouncer, judge, fight referee and sparring partner — all on a major league umpire's salary, and you couldn't blame him if he wanted to re-examine the fine print in his contract.

Bill Valentine was involved in a shoving, first-swing altercation with Manager Sam Rice of the Minnesota Twins two weeks ago out of which Moie drew a five-game suspension.

Friday night, the 32-year-old Valentine, found himself in the middle of one of the biggest baseball donnybros in recent years at Los Angeles which erupted after a baseball contest.

When a third batter was hit by a pitch in the eighth inning, Los Angeles' Bob Rodgers, the victim, charged Boston relief pitcher Arvid Rayley, began swinging, his fists and when 35 players were wrestling, rolling on the turf and punching each other.

Immediate Results
The immediate results of the melee were three 500 fines levied by Valentine against pitcher Dave Morehead and Rayley of Boston and Dean Chance of Los Angeles. Rodgers, Rayley and Arvid each took a 10-day suspension.

In the National League, the Los Angeles Dodgers beat St. Louis 4-2. Cincinnati crushed Houston 7-1. San Francisco slammed Milwaukee 9-2. Pittsburgh beat Chicago 3-1 and Philadelphia stopped the New York Mets 5-3.

Cause Of Fight
"In my opinion," Valentine said, "the situation got out of hand after Chance hit Morehead with a pitch. But the Angels blamed Morehead for hitting Jose Cardenal with a pitch. And Boston said Chance started it by throwing at Felix Mantilla, although he did not hit him."

Morehead was riding a 2-0 lead and had allowed two hits when he picked Cardenal in the sixth. Jim Prosser followed with a home run to tie the score.

When Morehead came to bat in the seventh, he was hit on the helmet by Chance's pitch, which drew plate umpire Valentine's first warning. In the bottom of the inning, Cardenal doubled home two runs to put the Angels ahead.

Morehead was warned in the eighth after he hit Prosser. Willie Smith followed with his 12th homer and Rayley replaced Morehead to face Rodgers.

At Minnesota, Earl Bartley's suicide squeeze bunt in the eighth inning scored Don Minner with the winning run for the Twins. Jim Grant allowed only five hits in putting his 12th victory against the three losses, enabling Minnesota to increase its league lead to five games over Baltimore. Curt Blefary homered for the Orioles and reliever Dick Hall took the loss.

Mickey Lolich 11-6 was the winner and Eddie Fisher 11-5 absorbed the loss. Juan Pizarro, making his first start since June 28 and first appearance since coming off the disabled list, allowed only one run and four hits in the eight innings he worked.

Mike McCormick hurled a six-hitter and Frank Howard belted a 500-foot homer for the Senators. McCormick won his fifth and allowed only an inside the park home to Bert Campaneris to spoil his shutout bid. Willie Kirkland and Don Zimmer each drove in a run off Kansas City loofer John O'Donoghue, who lost his 15th game in 20 decisions.

The Indians received four-hit pitching from Sonny Siebert and Don McMahon. Joe Azcue, Chuck Hinton and Fred Whitfield cracked home runs against Yankee starter Al Downing and reliever Pedro Ramos. McMahon worked the final two innings to save Siebert's 11th victory in 17 decisions.

Miss Mary Diane Paschall

Mr. and Mrs. Glenn Edwin Paschall of Puryear, Tenn., Route Two, announce the engagement and approaching marriage of their daughter, Mary Diane, to Larry Deane Richerson, son of Mr. and Mrs. Ralph Richerson of Hazel.

Miss Paschall is a graduate of Puryear High School in the class of 1963. She is presently employed at Commercial Bank in Paris, Tennessee. Mr. Richerson is a graduate of Calloway County High School in the class of 1963. He is presently employed at Jim Adams IGA in Murray.

The wedding is planned for Saturday, August 14, at six o'clock in the evening at the Hazel Baptist Church. No formal invitations are being sent. All friends and relatives are invited.

TWO CHARGED

yesterday after Deputy Spahn had interrogated Harris for some time, Marshall County Sheriff Sam Myers was in Murray yesterday to remove the two to Benton, Ariz.

The items taken were two electric heaters, a radio, a clock, a butter-mold, an iron kettle with cover, an iron skillet, with cover, fireplace tools, a brood axe and a dinner bell. Lakeland cabins have been entered from time to time, causing much concern for the owners.

TWO BODIES FOUND

(Continued From Page 1)

found them 20 yards from the road. Not Sure

Police were not sure at first the bodies were those of the two Ohio Omega sorority sisters.

Col. Homer Garrison, head of the Texas Department of Public Safety (DPS), said he had given an order "no manpower will be spared" to find the killer or killers.

A slow, methodical examination was being made on the bodies by Dr. Earl P. Rose, County medical examiner. Rose described the post-mortem as an "extreme autopsy," which might take as long as 10 days to complete.

Justice of the Peace, Jerry Dellans, said it might take as long as 10 days to find out if the girls were raped. But police said it appeared they had been.

Found in Grass

The bodies were found face up 15 feet apart in weeds and tall, coarse Johnson grass. Police said the girls' dresses and bras had been pushed up around their necks. Other undergarments were found nearby.

The bodies were not visible from the road and a (DPS) plane had flown over the field several times during the past weeks without sighting them.

RED CROSS

(Continued From Page 1)

Dianne Shuffett, Glen Nanny, Tonda Parker, and Scott Diuguid.

The time for using the college pool was arranged through Dr. Chad Stewart, head of the Health, Education and Recreation Department at the college.

All Red Cross instructors are qualified and authorized by the Calloway County chapter of the American Red Cross to teach seven courses from beginner to senior life saving.

Mrs. Elizabeth Thompson, Executive Secretary of the local chapter said that next year a different system will be used for signing up for the swimming courses. In the past those wishing to participate signed up one year and were called the next when a class was ready. In the future publicity will be given to the courses when they are about ready to begin, and individuals will sign up at that time.

Curls Are Coming Back Now Girls

By GAY FAULEY

UPI Women's Editor

NEW YORK (AP) — Girls who've been ironing out hair curl now better get out the curling iron.

Curls are coming back, despite all those plastered straight and short coiffures you've been seeing in the fashion magazines and on the models. Some 70,000 hairdressers support the curl comeback.

The 70,000 are members of the National Hairdressers and Cosmetologists Association, Inc.

NHCA, whose styles director Rudy Walton calls the straight bob "tragic for any girl who wants to look like a girl."

"Women should be interested in knowing that the French are all in agreement with the curly trend in U. S. styles," said Walton, who operates a fashionable salon in St. Louis. "And Frenchmen should know something about women."

Leonard Bender, NHCA president, adds that surveys the association made show "decisively that American men of all ages do not want their women to look like Beattles."

Men Prefer Curls

Bender, of Bellevue, Wash., said men prefer curly locks, although not the Mary Pickford type.

Said Gaines Presley, an association vice president, "a hair style is supposed to bring out the best in a woman. Curls do. Straight, chopped up hair brings out the worst. You would think that everyone would know this, but so many youngsters get confused these days they really need some help and guidance."

The three officials sounded off via letter as the association opened its 40th annual convention in St. Louis.

If teenage girls heed their decree, back go the ironing board and the fact for pressing long locks into perfect straightness. Out, too, are the near shingles and bangs covering the eyebrows affected by many models. No worry about fate of the bouffant—with rare exception, it's long since passed.

Soft, Airy Curls

What the association has in mind are "soft and airy, curly tops, lively, young and free, but also highly feminine." From the front, the silhouette has its greatest width in the area between the top of the eyebrows and the natural top of the head. In profile, there is a soft rise at the top of the crown area, with curls shaped forward.

NHCA called the 1965 style a

old duel for Steven Cord and Rodney Harrington.

June Vail, Adam Keefe, C. C. Richelleu and Peter Wagner and his band are guests on Jimmy Dean's repeat for ABC.

Friday

The "FDR" rerun on ABC is an episode depicting President Roosevelt's home problems as Hitler and Mussolini boast of their aggressive intentions.

"The War and Eric Kuzia" is repeated on NBC's "The Chrysler Theater." Allied war prisoners in Germany suspect that one of them is an informer.

Milton Berle is guest in the Jack Benny repeat on NBC.

"Vacation Playhouse" on CBS has part one of a two-parter, "Lake and the Tenderfoot." A Boston boxer turns up in the Old West seeking his father.

ABC will have a special sports telecast of the season will be on CBS from Hershey, Pa., where the Washington and Philadelphia teams meet in an exhibition contest.

Guest performers for Al Hirt on CBS "Fanfare" variety show include Anna Moffo, Chad and Jeremy, Edward Yankle, Patricia McBride, Dionne Warwick, Robert Maxwell, Willie Smith and Stan Freberg.

"The Affair at Castlevarna" on the CBS "Secret Agent" involves Drake in an international problem created when a deposed leader returns to his country.

NBC's Saturday night movie is "The Catered Affair," starring Bette Davis and Ernest Borgnine.

version of the famous Gibson but where the Gibson girl used puffs for hair style width, curls now are used. Hair at the nape of the neck is short; the most length is the forward crown where most of the curls are.

In hair color, the soft shades of blonde continue number one. And the association adds that coming on are bluish tones of several shades of one shade with pale shades at the face. Makeup will continue natural with emphasis on the eyes.

Assisting him were, left to right, Dr. Alec Spencer, West Liberty, chairman of the Eastern Kentucky Regional Planning Commission; Highway Commissioner Henry Ward; John Whisman (partially hidden), Kentucky's representative on the Appalachian Regional Commission, a Federal-interstate development agency set up by Congress earlier this year; and T. TV CAMEOS: Miss Universe It's Girl-Watching Time Again on Video

By ED MISURELL

ARE YOU a girl-watcher? Most of the guys I know are active members of this unofficial society, so we'll assume that you fall into this happy fold and proceed accordingly.

It is beauty contest time again and you had better get your tuning hand in good shape. Less than an hour ago, Miss Corinna Toppel, Miss Universe of 1964, stopped into our New York office to tell us that come Saturday, July 24, she'll turn over her crown and scepter in Convention Hall in Miami, Fla., to this year's winner of the annual beauty pageant. Girl-watchers and others who are interested can see it all on the CBS-TV network between 10 and 11:30 p.m., EDT.

"IT HAS been a good year for me," said Corinna, a native of Athens, Greece. "But I am not sorry it is up. I am tired now. It is hard to keep up with the pace. I have traveled ten times around the world. I have visited many, many cities and met thousands of people, including your President Johnson."

"How do you like my talking?" she asked quickly. "When I won last year I could not speak a word of English."

The 21-year-old, 5-foot 8, 121-pound beauty who measures a classic 36-22-36, brushed back a strand of dark brown hair and then continued, "I shall be happy to get back to see my family again. My father, who is in the Greek Army, has been promoted since I came to this country last year."

Her brown eyes twinkling, Corinna giggled and added, "And maybe if I meet a boy I like I will go out on a date ALONE with him."

SHE pointed out that at home she had been brought up in the Old World tradition of always having a relative along on a date, and since becoming Miss Universe she had always had a chaperone with her whenever she has been escorted to functions by men.

Corinna, the 13th Miss Universe since the pageant was inaugurated, said she received a cash prize of \$10,000 and another \$10,000 for making personal appearances around the globe during her year-long reign.

In addition, she was given a

full-length mink coat, a mink wrap, jewelry and luggage and a complete wardrobe. "Some of the money I gave to my mother," she said, "some I spent and some I put in the bank. The car I won when I became Miss Greece, I gave to my father."

When Corinna places the crown upon the head of her successor, the winner will be a contestant from one of 74 different countries and locales. Looking on will be an estimated 60 million viewers.

Master of ceremonies for the occasion will be Jack Linkletter, with John Daly, moderator of "What's My Line," and musical comedy star Sally Ann Howes as host and hostess.

Representing the U.S. will be Sue Downey of Columbus, Ohio, who was chosen Miss U.S.A. 1965 at a pageant held in Miami Beach on June 4.

During the 13 years in which Miss Universe Pageants have been held, the U.S. has had three winners. Other winners

have come from such diverse countries as Colombia, Finland, France, Sweden, Japan, Peru, Germany, Argentina and Brazil.

Like some of her predecessors, Corinna aspires to a movie career. "I have had some offers from Greek producers, and some from producers here," she said. "But if it doesn't work out, I shall go back to modeling. I did that before I won the Miss Greece title."

As to matrimonial plans, the beauty said that she had none at the moment although she has a definite idea of the type who would qualify. "He must be tall," she smiled, "six feet or over. He must be like my father. He must have blue eyes, black hair and be strong. He must have a good heart. He does not need too much money — but enough."

There you are, girl-watchers, do you think you fill the bill? If you do, address all inquiries to Corinna Toppel, General Delivery, Athens, Greece.

TOTAL CONSERVATION NEEDED, GOVERNOR SAYS—On an impromptu inspection of Western Kentucky strip-mine operations, Governor Edward T. Breathitt, hatless and shirt-sleeved, called for stricter regulations, cooperation by the Tennessee Valley Authority, and a Federal strip-mining law. At this mine site, he and Robert Montgomery, Natural Resources deputy commissioner for reclamation, view a pool of acid water created by mine drainage.

Miss Nancy Dianne Scott Becomes Bride Of Darrell Gene Clark at Salem Baptist Church

Mr. and Mrs. Darrell Gene Clark

Agitated a lovely setting of flowers and candles in the sanctuary of the Salem Baptist Church, Miss Nancy Dianne Scott was married to Darrell Gene Clark on Saturday, June 26, at four o'clock in the afternoon. Rev. Ronnie Sutton performed the double ring ceremony. The bride is the daughter of Mr. and Mrs. Calvin Scott and the groom is the son of Mr. and Mrs. Otto Clark.

The vows were exchanged before a white wrought-iron arch entwined with greenery and white gladioli. Centering the arch was a large white wedding veil. Baskets of white gladioli, palms, greenery, and the tapers in the seven-branched candelabra completed the altar scene.

Mrs. Otto Erwin, pianist, and Mrs. L. D. Cook, Jr., soloist, presented a lovely program of nuptial music. Selections by the pianist were "The Day of Golden Promise," "Till We Meet Again," "Benediction," "Through the Years," and "A Perfect Day." Mrs. Cook sang "Because," "I Love You Truly," and "The Lord's Prayer."

Given in marriage by her father, the bride was lovely in her floor-length wedding gown of white silk organza adorned with a scooped neckline with the bodice and panels of the skirt being decorated with cutwork embroidery trim. The long sleeves came to points over the wrist and were fastened with tiny white covered buttons which were also a feature of the back of the dress. Her shoulder-length veil of silk illusion was attached to a crown of pearls and crystals.

The bride carried a white Bible topped with a bouquet of white carnations centered with a blue-throated orchid tied with ribbon streamers in lover's knots centered with tube roses. "The Bluebird of Happiness" and a small heart were nestled in the bouquet.

Mrs. Jimmy Key was the matron of honor for the bride. The bridesmaids were Miss Mary Warren Swann and Miss Debbie Miller. Their street-length dresses were of pink broadcloth fashioned with bell-shaped skirts with a self-manipulating rise at the center front of the waistline. Their circular veils were attached to a rose of the pink brocade and their satin shoes were dyed to match the dress.

Each of the attendants carried a small pink umbrella covered with pink net and filled with pink carnations. These were carried on the girls' arms.

Robert Clark, brother of the groom, served as bestman. Rodney Scott and Pat Scott, cousins of the bride, served as usher and led the candles preceding the ceremony.

The bride's mother chose to wear a dress of pale green tulle with a white hat decorated with a green band and covered with flowers and net. Her other accessories were

Murried At St. Peter's Church

Mrs. John Reagan, Jr.

St. Peter's Church, Bridgeport, Connecticut, was the scene of the wedding of Miss Bobbi N. Reagan and John Reagan, Jr., which was solemnized in June in a ceremony at eleven o'clock in the morning. Rev. David F. Barnum was the officiating minister.

The bride is the daughter of Mrs. Marie Becker Reagan of Wellington, Ohio, and is the granddaughter of the late Mr. and Mrs. Robert B. Parker of Calhoun County and the late Dr. and Mrs. J. E. Wall of Golden Pond.

Deceased to the altar by her brother-in-law, John A. Devereux, the bride wore a gown of pale blue silk with a wide trim, and a corsage at the waist. With a lace border at the hemline, the skirt swept into a graceful cascade. Her hairpiece was an open plait with a silk ribbon veil. A bouquet of white roses, lilies of the valley, and ivy completed her costume.

Miss Anne Nicoletti was the maid of honor and Miss Irene Blair and Miss Magdalena Gutermuth were the bridesmaids.

Louis C. Zowie was the best man and ushers were William J. Fitzgerald and John L. Landert.

Following the ceremony, a reception was held at the Hillside Country Club, Trumbull, after which the couple left on a wedding trip to Bermuda.

The bride is a graduate of Lafayette College.

SWIM TO AUSTRIA

VIENNA - Two young Hungarians swam and swam twice hours in the Danube lake to escape to Austria where they found sustenance for asylum, it was learned today.

Dear Abby . . .

So Why Hesitate!

Abigail Van Buren

DEAR ABBY: Our minister's wife is a party pusher. She has organized all sorts of social activities within the church membership, such as a choral group, an art class, camera club, a flower-arranging class, etc. It's fine for those taking part. But what about their husbands and wives? I am not normally a jealous person, but I don't appreciate having my husband run to the camera club to enjoy himself with the wives of other men who are absent because they don't happen to be interested in photography. I could have joined the choral group, but my husband can't sing and I don't want to join without him. I think the minister's wife is stirring up a lot of trouble. I'd like your opinion.

WITHHOLD MY NAME
DEAR WITHHOLD: Don't blame the minister's wife. If you want to be with your husband, nothing is preventing you from developing an interest in his hobby.

DEAR ABBY: My husband is 61 years old, and I think he's enjoying his second childhood. The plant where he works has a NATURE LOVERS' CLUB, and he has joined. He is the same man who refused to walk to the corner to pick up a loaf of bread, but last week he went on an overnight hike (mixed company) on what they called a "botanical excursion." He didn't bring back a leaf or a twig, but he did bring back a case of poison oak on his back! I am so disgusted with him I could throttle him. He's a grandfather (many times) and I don't know what's gotten into him. Should I make him quit this club? He wears his "Thistle" pin on his underwear.

CANADIAN
DEAR CANADIAN: "Grandpa" may be too old to be a Boy Scout, but not to be a "Good Scout." If you are wondering, become a nature lover yourself. (And when you learn why Grandpa wears his thistle pin, let me know, please let me know.)

DEAR ABBY: We work in a small office and we make our own coffee in the office to save time from going outside. One of the girls collects coffee money from each one of us every pay day. It isn't necessary for her to buy coffee, cream and sugar every pay day because there is always plenty left over from the last time she purchased our coffee break supplies. But she collects anyway. By this time there should be quite a few dollars surplus in the coffee kitty, but the girl who collects it won't let us see it. It's no big deal, and we don't intend to

make a fun about it, but why should she just put it in her pocket and think we're too stupid to catch on? Should we just keep paying and say nothing? Or let her think we are just a bunch of . . .

CHUMPS
DEAR "CHUMPS": Ask the girl in charge of collecting the "coffee money" to save the receipts in the future, or appoint another girl. What's gone is gone, and without the receipts all you have is grounds for coffee.

CONFIDENTIAL TO "HURT"
IN STUDIO CITY, CALIF.: Mark Twain once said, "It takes a friend to hurt you to the quick. One to shatter you and the other to get the screws to you." If this woman is your "best" friend, I think you can do better.

Troubled? Write to ABBY, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 69700, Los Angeles, Calif.

FAT RECOMMENDATION

WASHINGTON - A recent report from the National Academy of Sciences' board of visitors recommended creation of a separate pay grade for midshipmen to correct their "unsatisfactory financial situation." Midshipmen now draw \$11.95 a month, plus allowances. Part of the allowances must be paid back beginning in their second year, however.

TEHRAN, Iran (UPI) - A boat was blown today for the death of 40 persons in one village. Much of Iran is in the grips of high temperatures.

"MAGELLAN" - Jerry Brown, 20-year-old Purdue sophomore, is back in Indianapolis, Ind., after a 19-month hitchhike trip around the world - 29 countries and 55,000 miles.

MRS. PEGGY HOENING, 36, is not afraid to speak her mind as she campaigns in New York City. She is seeking election as mayor.
